TENTATIVE BUDGET
MANAGEMENT DISCUSSION AND ANALYSIS**

INTRODUCTION

Included in this document is the Management Discussion and Analysis of the 2013-2014 Tentative Budget along with a one-page budget summary by program and a fund by fund comparison of FY13 Amended Budget to FY14 Tentative Budget amounts. Also included is the legally required ISBE form 50-36 that will be available and on display for the public to review.

Currently, the District is in the process of compiling the rest of the data, charts, tables, narration, etc., that is required for submission to ASBO (Association of School Business Officials) International's Meritorious Budget program. A draft of the Meritorious Budget document will be made available closer to the time that the Board of Education will be asked to adopt the final budget on September 26, 2013.

As required by the School Code of Illinois, the Tentative Budget is presented for the consideration of the Board of Education and the communities of Oak Park and River Forest. This budget is in tentative format and, therefore, summarized. The Tentative Budget will be reviewed at the August 13, 2013, Finance Committee Meeting. The Tentative Budget will be put on display in the Business Office for 30 days beginning August 23, 2013. The Tentative Budget will be revised, if necessary, and reviewed again at the Finance Committee Meeting in September, and the Board of Education will approve a Final Budget at the public hearing at 7:30 P.M. preceding the September 26, 2013 Board of Education Meeting.

This Tentative Budget contains several estimates based on the information currently available. These estimates relate to the cost of salaries and benefits for future staff members yet to be hired. This budget also includes estimated amounts of general state aid and categorical state aid. Revenue and expenditures for some state and federal grants that have not been finalized and approved are omitted and will be added later.

ALIGNMENT WITH BOARD GOALS

The District continues its commitment to narrow the achievement gap and to meet the needs of special education students. The financial resources required to address these issues are significant. In accordance with previous Board of Education goals, the District embarked on a complete overhaul of the budgeting process. As a part of this model, the Finance Advisory Committee was formed. This committee recommended several changes to the budgeting process. The FY 2013-2014 budget is the second budget year of the new process. This new process included Cost Containment Working Groups, Quality Review Committees (QRC) and an Advisory Leadership Team (ALT). The FY

2014 budget parameters are in alignment with the total expenditures as recommended by the ALT less the amount to fund the Early Childhood Collaborative initiatives and the abatement of the debt for the 2012 levy.

During this budget year the District will complete the strategic planning process and the long term facility planning process. The District has also convened a new Finance Advisory Committee (FAC) to address questions of fund balances, future levies, and the District's long-term financial stability.

The staff development budget for FY 2014 reflects a move toward increasing our internal capacity to provide on-going certified staff development. In addition to the Institute days and periodic staff development days, it provides for the continuation of Learning Strands. The Teacher Collaboration Teams will also continue. Courageous Conversations about Race will be expanded to a larger group and be a part of the staff development learning strands. In addition, the District will continue the services of the Pacific Education Group. The overall budget will increase by \$67,000 compared to FY 2013 and includes training in executive functioning and Beyond Diversity. Other new offerings include TCT leader training and stipends.

The Board of Education has reviewed and approved a technology plan. The next phase of that plan includes the purchase of a data warehousing tool and the implementation of a new IEP reporting system. The overall technology budget will decrease by \$110,000 compared to the FY 2013 budget. The majority of this decrease is in capital purchases.

The Facility Committee has developed a long range facility plan for Life Safety, energy efficiency and instructional space upgrades. To this end, the District continues to reduce its overall costs related to utilities, recycles all construction materials, has reduced its use of paper by implementing paperless processes and has transitioned to the use of green cleaning products. During FY 2014, the District will continue to work with the Long Term Facility Planning Committee to create a master plan to address the topics of pool replacement, instructional space related to increased enrollment and 21st Century learning environments, and safety issues.

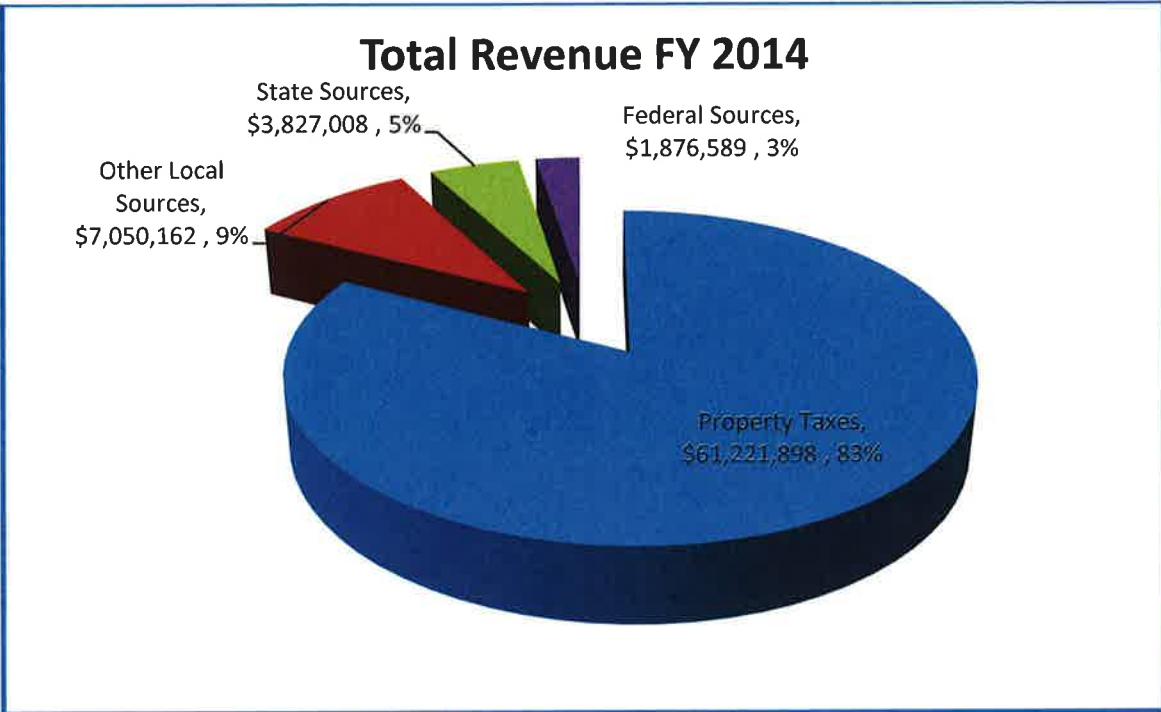

During the FY 2014 budgeting process, the working groups were redesigned into one large group. A half day workshop was held and the group discussed and recommended several cost containment strategies. The District Leadership Team reviewed the suggestions and implemented several of the suggestions.

Working Group Ideas Implemented in FY 2014

WEBSITE UTILIZATION--registration process	The district installed a new on-line registration process, which was implemented in the spring of 2013.
Confirm residency annually 100%	The District implemented a pilot program to verify residency for the FY 2014 school year. This process will enable the district to deny access to non-residents in the fall.
Reduction of printing	The district continues to reduce printing costs and several classes are now paperless, so is the residency verification process.
Summer school for some subjects	The summer school program will offer on-line credit recovery this summer. This program will reduce the need for students to repeat some classes
Grants - Energy Star	Grant has been submitted
Centralize purchase & borrowing of videos	The district is exploring this option.
Pay off debt - cost savings	The district will ask the Board of Education to consider paying off some of its debt on the December 1, 2013 call date.
Clerical Automation and time studies	The residency department was reviewed and a new data collection system designed and implemented.

REVENUE

Oak Park and River Forest High School receives most of its funding from Local Property Taxes and other local sources such as Corporate Personal Property Taxes, Investment Income, Tax Increment Financing Distributions, and Student Fees.

In FY 2012, 2013 and in FY 2014, 5% of total revenue is provided by the State of Illinois for General State Aid, Categorical aids, Food Service, Transportation and Special Education. The Federal government provided 2% of total revenue for Title grants and for Special Education in FY 2013 and will provide 3% in FY 2014.

For FY 2014, the District will experience a decrease in total revenue of approximately \$3.8 million dollars. Property taxes will decrease by \$3.7 million dollars due to the decision to abate the debt service for the 2012 levy. The decision to abate the tax revenue is a one year decision. The dollars to pay the debt service will be transferred from the Working Cash fund.

Fiscal years 2013 and 2014 total revenue by source for all funds

Type of Revenue	FY 2013 Amended Budget	FY 2014 Tentative Budget	Change	Percent Change
	Budget	Change		
Property Taxes	\$64,936,963	\$61,221,898	\$(3,715,065)	-5.72%
Other Local Sources	\$ 7,054,961	\$ 7,050,162	\$ (4,799)	-0.07%
State Sources	\$ 3,666,774	\$ 3,827,008	\$ 160,234	4.37%
Federal Sources	\$ 1,936,477	\$ 1,876,589	\$ (59,888)	-3.09%
Total	\$77,595,175	\$73,975,657	\$(3,619,518)	-4.66%

In FY 2014, Property Taxes and Other Local Sources will account for 92% of the total revenue.

Property Taxes

Since the District is a tax-capped district, property tax receipts will be limited to the December 31, 2012 Consumer Price Index of 1.7%, plus the value of new property for the 2012 Levy. The Board of Education carefully considered an option to reduce the levy in order to provide some tax relief to local property tax payers. The Board of Education decided to abate the Bond and Interest Levy for 2012. The dollars required to make the bond payments will be transferred from the Working Cash Fund. This is a one-year election that will reduce the property taxes for the high school portion of the tax bill. Next tax year, the levy will automatically return to the tax bills unless additional action is taken. The 2012 levy will be paid in two installments; one received in March/April of 2013 and the other will be received in the fall of 2013. The spring payment will be 55% of the prior year levy. The total property taxes for FY 2014 are expected to be approximately \$3.7 million dollars less than FY 2013.

Other Local Revenue

Other Local Revenue consists of Corporate Personal Property Replacement Taxes (CPPRT), interest income, TIF surplus distributions and student fees. We anticipate CPPRT will decline approximately \$400,000.

The District has completed negotiations with the Village of Oak Park regarding the 2003 Downtown TIF Intergovernmental Agreement. The parties have agreed to discontinue “carve out” of EAV. Future payments will be received as surplus distributions from the TIF proceeds and will be recorded as Other Local Revenue. TIF distributions for this new agreement are received on a quarterly basis.

State Funding

The State of Illinois continues to have financial difficulties. Conversations concerning future funding for public school districts continue. We anticipate that general state aid will be prorated at 88.7%. Conversations continue on the long-term funding for the TRS pension plan as well.

Federal Funding

Federal Sources of Revenue is expected to decrease slightly. The majority of the decrease will be in the IDEA and Title I grants.

EDUCATION FUND

Revenue

Property taxes in the Education Fund will decrease by 1.62%.

Other Local Sources of Revenue will increase by 4.33%. Surplus distributions from the Downtown TIF district are expected to increase by approximately \$93,000. Interest income is anticipated to be the same as last year. Student fees are expected to increase slightly with the increase in enrollment.

Expenditures

Total expenditures in the Education Fund will increase approximately 3.7% over FY 2013. General Instructional, Special Education, Interscholastic Program, Drivers

Education, Other Instructional and Administrative Support expenditures will increase as expenditures in Pupil Support Services, Summer School, and Vocational Programs decrease.

	FY 13	FY 14	Difference	Δ %
Salaries	\$ 33,792,251	\$ 34,608,739	\$ 816,488	2.42%

	\$ 48,892,216	\$ 50,702,854	\$ 1,810,638	3.70%

The majority of the dollar increase in total expenditures is in the salary and benefit categories. The salaries and benefits reflect the results of contract negotiations with all bargaining units. The District has negotiated a two year contract with the Faculty Senate. The two year agreement provided for a hard freeze (no movement on the steps and no increase in the base) in the first year of the contract (FY 2013) and a soft freeze (one step movement on the salary schedule and no increase in the base) in FY 2014. The agreement also provides for additional supervisory opportunities, the removal of the bell schedule from the contract, and a 403(b) match increase of 1.75%.

The Service Employees International Union Local 73 for the Classified Personnel contract expired on June 30, 2013. Contract negotiations have not begun.

FY 2014 will be the fifth year of a five-year contract with the Service Employees International Union Local 73, Safety and Support Team. The contract provides 2% increases in each of the five years of the contract.

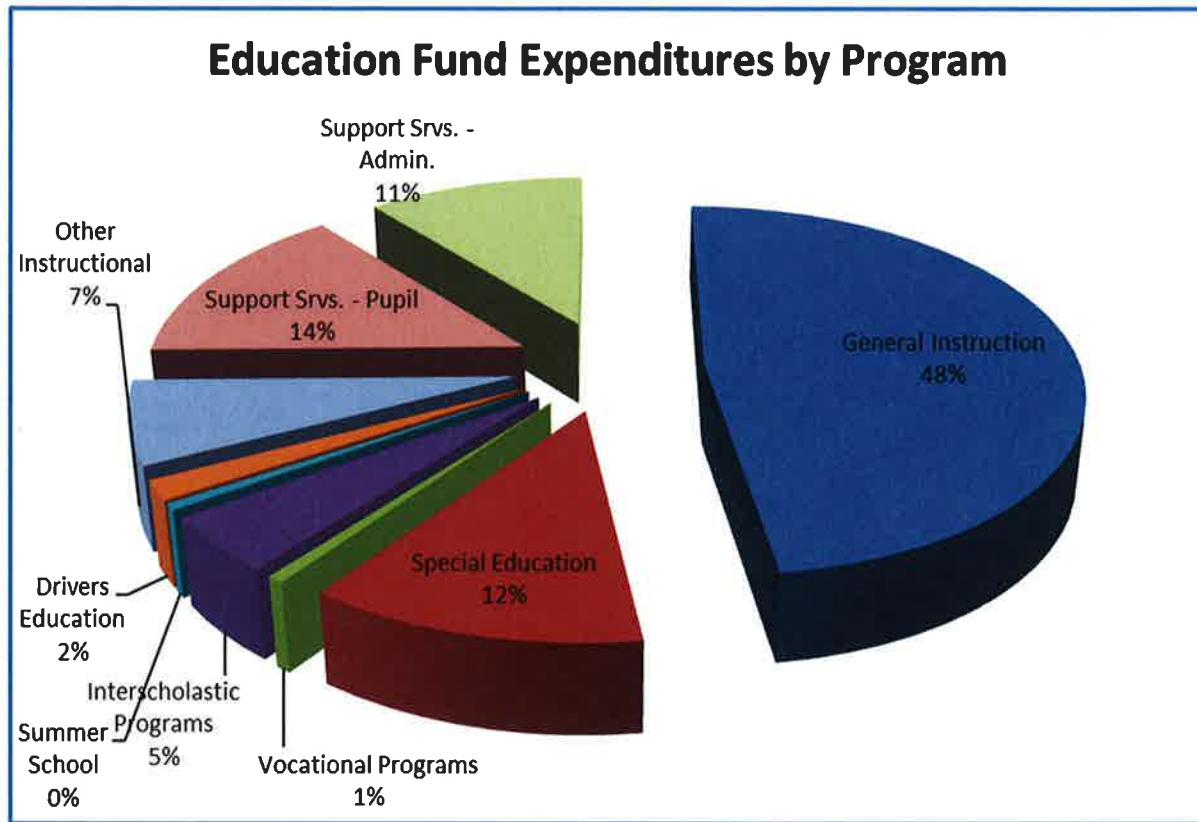

The contract with the Service Employees International Union, Local 73, Buildings and Grounds Custodial and Maintenance staff was a four-year contract expiring on June 30, 2012. Contract negotiations were just completed and provide salary increases ranging from 1.75% to 2.0% over the four-year term.

Student enrollment is expected to increase this school year. Therefore, faculty staffing has been increased accordingly. One position previously reflected in the Faculty staffing will be transferred to Building Administration as the position of Dean has been eliminated and the new position of Student Interventionist is newly created. In addition, the position of Teacher Leader for Instructional Technology has been added to the Faculty FTE.

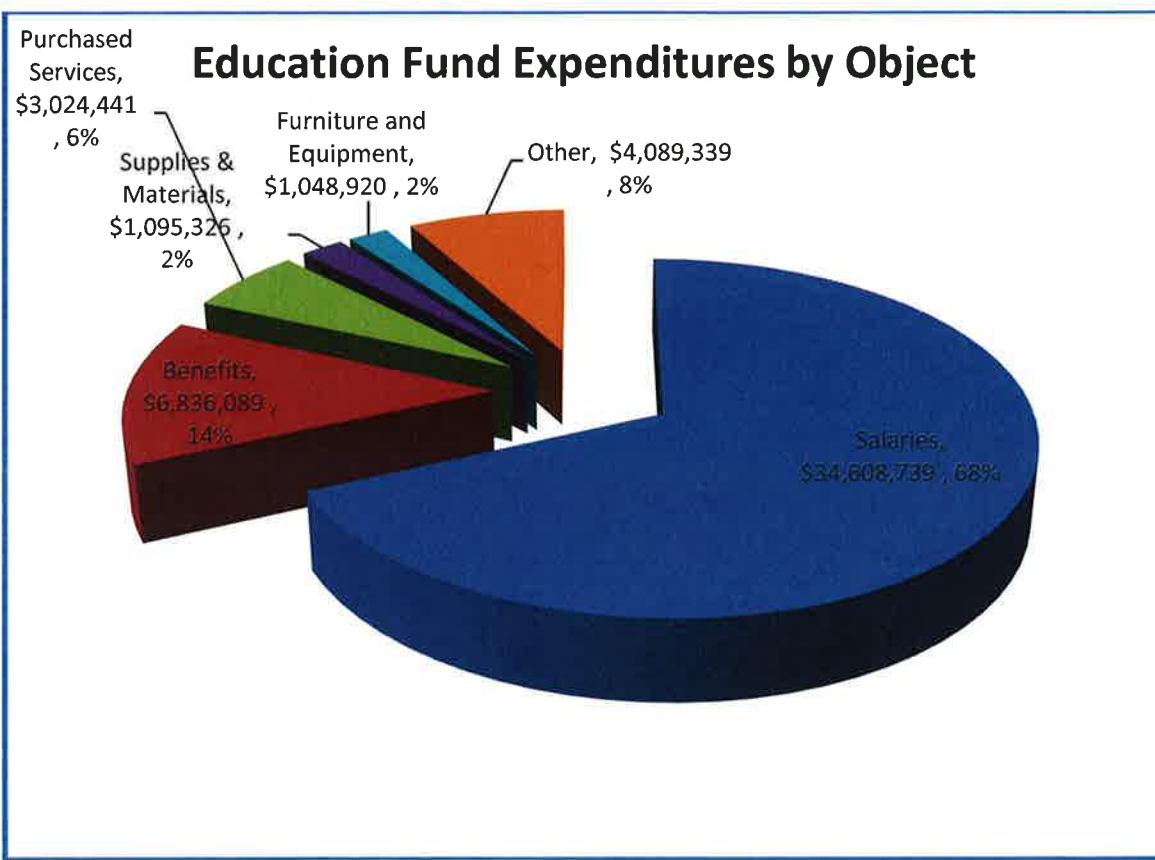

Non-affiliated FTE will increase by 1.0 supervisory FTE as the position of Director of Registration and Registrar is created and a position of residency clerical is eliminated from the CPA unit. Two administrative assistant positions have been reclassified to the non-affiliated unit from clerical due to supervisory and confidential duties.

The budget for off-campus special education placements will be \$3.4 million compared to \$2.7 million in FY 2013; this amount is reflected in Other Instructional Programs along with the recent agreement to provide funding to the Collaboration for Early Childhood. The new intergovernmental agreement requires OPRFHS to provide \$216,000 in the first year of the agreement and then 1% of Educational Fund expenditures in subsequent years.

The large decrease in Furniture and Equipment is for the reduction in technology spending now that the Voice over IP and project is completed.

General Instruction, Special Education, Applied Arts, Drivers Education, and Other Instructional costs are estimated to be approximately 70.0% of the Education Fund expenditures, compared to 69.39% in FY 2013, 68.95% in FY 2012 and 68.55% in FY 11. The positive trend in re-allocating resources to instructional programs continues. The Pupil Support category includes tuition for students placed out of the district.

In FY 2014, salaries will be 68% of the budget, down from 69% in FY 2013, and 71% in FY 2012 and FY 2011. Benefits will be 14% of the budget, an increase of 1% over FY 2013. Special Education tuition is part of the expenditures titled Other Objects and will be 8% of the Education Fund budget compared to 6.2% in FY 2013, and 5.4% in FY 2012. Purchased Services will be 6%, which is consistent with FY 2012 and FY 2013, and compared to 5% in FY 2011.

BOOKSTORE FUND

The Illinois State Board of Education Textbook Loan Program has been discontinued. This program previously provided textbooks to the school district for free. The loss of funding had a significant impact on the textbook costs for families. After careful consideration and considerable debate, the Board of Education implemented an Instructional Materials Fee in the fall of 2011. Textbooks and instructional materials are now delivered to students in a rental format rather than a purchase format.

Fiscal Year 2014 will be the third year of the new program. The Bookstore experienced a loss in FY 2012 as the District purchased all of the books in order to transition from a textbook purchasing program to an instructional materials fee and textbook rental program. The Instructional Materials Fee has been averaged over a five-year horizon, which coincides with the textbook replacement cycle. By the end of the five-year cycle the initial investment in textbooks should be recouped.

FOOD SERVICE FUND

The budget reflects a slight increase in revenue and expenditures. The District will receive an additional \$0.05 per meal from the District 97 lunch program and we will provide additional fresh fruit and vegetables.

The District has successfully completed a sixth year of providing food service to District 97. Through this cooperative agreement, economies of scale are achieved, resulting in cost savings for both Districts as well as an increase in nutritional quality. District 97 has just agreed to a three-year contract extension.

The district will replace the delivery van this budget year.

OPERATIONS AND MAINTENANCE FUND

Beginning in FY 2011, the O & M Fund makes annual transfers to the Capital Projects Fund for construction projects. This is a new requirement of the ISBE account code structure. The *Five Year Plan* reflects annual transfers for construction and equipment replacement purposes. It will be important to sustain cost containment measures in the O & M Fund to support the necessary facility maintenance required to protect the District's and communities' valuable asset. It is important to maintain this objective due to the limited borrowing capacity of the District imposed by law.

The District's contract with the Buildings and Grounds Custodial and Maintenance, Service Employees International Union, Local 73 expired June 30, 2012. A new four-year agreement was recently reached and the increases have been incorporated into the budget.

TORT IMMUNITY FUND

Expenditures for the Tort Immunity Fund include Property, Liability and Workers' Compensation insurance, health safety inspections, repairs, maintenance and purchase of safety related equipment, legal bills and settlement payments. The July 1, 2013 renewal for Property and Liability insurance was a 3.31% increase in premium and Workers' Compensation was a .78% decrease.

There are planned expenditures to enhance the door locking system, video camera recording system and for athletic equipment safety inspections and replacement. The District maintains a contingency for possible emergency needs during the school year.

TRANSPORTATION FUND

The District currently owns two activity buses, two Special Education wheel chair equipped mini-bus, and two vans for transporting small groups of students for activities and Special Education programs. These vehicles have greatly reduced the cost of transportation for small groups of students. The District will replace one of the buses this fiscal year for a cost of approximately \$50,000. The fund balance is maintained in order

to meet future vehicle replacement needs and unexpected increases in special education transportation costs.

The District issued a request for bids for transportation services and has contracted with Grand Prairie for Special Education and with R & D for activity and field trip transportation needs. The District has a three-year contract with provision for up to two additional one-year contract extensions. Total transportation costs will increase by \$237,493.

IMRF/ SOCIAL SECURITY FUND

The Illinois Municipal Retirement Fund is the pension fund for non-certified employees. This fund also records expenditures related to social security.

The slight decrease in expenditures for this fund relate to an expected decrease in the IMRF rate. The rate will decrease to 11.75% on January 1, 2014. Historical rates effective on January 1, have been, 7.37% in 2004, 8.59% in 2005, 9.39% in 2006, 9.61% in 2007, 8.9% in 2008, 8.66% in 2009, 9.53% in 2010, 10.48% in 2011 and 11.53% in 2012, and 12.29% in 2013. The IMRF rate is expected to decline on January 1, 2014 to 11.75% now that the Fund has recouped losses from impaired assets due to the economic downturn. We expect the rate to level off for the foreseeable future.

WORKING CASH FUND

The District's primary source of revenue is property tax revenue, which is received in installments twice per year. The fund balances help the District with cash flow needs between the payment dates. A nine-month reserve is desirable in order to meet financial obligations from the period of July through December when the next levy deposit is received. The time period of July to December is the largest expenditure period due to debt service obligations, construction projects, retirement obligations, and back-to-school purchases.

In FY 2014, the District will transfer dollars from the Working Cash Fund to the Bond and Interest Fund in order to make debt payments. This transfer is needed in order to meet the obligation due to the abatement of the Bond and Interest tax levy for the 2012 levy year.

BOND AND INTEREST FUND

This fiscal year no property tax revenue will be received in the Bond and Interest Fund. This is due to the abatement of the levy for the 2012 tax year. Dollars will be transferred from the Working Cash Fund to make the principal and interest payments.

The total expenditures will be less than FY 2013 due to the retirement of the 2003B General Obligation Refunding Bonds on December 1, 2012. The District is considering early payoff of the 2003A and the 2004 General Obligation Debt Certificates on the December 1, 2013 call date. This investment of approximately \$5.0 million dollars will potentially save the community \$1.3 million dollars of interest income. The District would use Working Cash dollars to pay off the debt early. This has not been included in

the budget at this time because the Board of Education will make a final decision in the fall of 2013.

CAPITAL PROJECTS FUND

In summer 2013, the District will improve HVAC systems, tuck point the exterior of the building, improve electrical and plumbing, replace ceiling and flooring and upgrade lighting. The source of revenue will be transferred from the O & M Fund.

The District has convened a Long Term Facility Planning Committee. This committee will be discussing future direction of facility upgrades and making a recommendation to the Superintendent during the 2014 school year.

LIFE SAFETY FUND

The local sources of revenue in the Life Safety Fund will decline by \$1,037,290. During the summer of 2013, the District will continue projects that were approved in the Life Safety master plan. These projects include asbestos removal, HVAC repair and replacement, and electrical and plumbing upgrades. These projects will complete the master plan and the levy will be reduced.

A transfer of \$616,290 will be made to the Bond and Interest Fund in order to pay the debt for the previous roof replacement project.

DENTAL AND MEDICAL SELF-INSURED FUNDS

The District is self-insured for the PPO low deductible and PPO VEBA high deductible medical plans and for the HMO and pharmacy plans. The January 1, 2013 renewal was a 7.0% increase and the January 1, 2014 budget reflects a trend increase of 7.0%. The Dental premium increased 0.0% on January 1, 2013 and the budget includes a trend increase of 7% for the January 1, 2014 renewal.

Certified retirees access the State TRIP insurance plan rather than the District insurance plan. A positive change in fund balance in the Medical Insurance Fund reflects a planned increase in the reserve for future claims.

WORKERS' COMPENSATION SELF-INSURED FUND

In July 2006, the District renewed the Workers' Compensation Insurance with the SELF cooperative pool, taking advantage of the high deductible partially self-insured option. In December of 2006, it became apparent that the SELF cooperative pool was experiencing significant structural instability due to districts with excessive losses. An attempt by the pool's executive board to help these districts migrate to a high risk insurance alternative was unsuccessful. In January of 2007, the Board of Education approved a resolution to withdraw from the pool and seek outside bids for insurance. As a part of that process, the District received and accepted an insurance bid from CLIC. The reserves in this Fund remain until all outstanding claims are resolved and the SELF fund releases excess Funds back to the District.

Balanced budget, no deficit reduction plan is required.

A deficit reduction plan is required if the local board of education adopts (or amends) the 2013-14 school district budget in which the "operating funds" listed above result in direct revenues (line 9) being less than direct expenditures (line 19) by an amount equal to or greater than one-third (1/3) of the ending fund balance (line 8).

Note: The balance is determined using only the four funds listed above. That is, if the estimated ending fund balance is less than three times the deficit spending, the district must adopt and file with ISBE a deficit reduction plan to balance the shortfall within three years.

The School Code, Section 17-1 (105 ILCS 5/17-1) - If the 2012-2013 Annual Financial Report (AFR) reflects a deficit as defined above (page 36), then the school district shall adopt and submit a deficit reduction plan (found here on page 20-24) to ISBE within 30 days after acceptance of the AFR.

The deficit reduction plan, if required, is developed using ISBE guidelines and format.

ESTIMATED LIMITATION OF ADMINISTRATIVE COSTS

(For Local Use Only)

This is an estimated Limitation of Administrative Costs Worksheet only and will not be accepted for Official Submission of the Limitation of Administrative Costs Worksheet.

The worksheet is intended for use during the budgeting process to estimate the district's percent increase of FY2014 budgeted expenditures over FY2013 actual expenditures. Budget information is copied to this page. Insert the prior year estimated actual expenditures to compute the estimated percentage increase (decrease).

The official Limitation of Administrative Costs Worksheet is attached to the end of the Annual Financial Report (ISBE Form 50-35) and may be submitted in conjunction with that report.
