Operational Services

Transportation

Free transportation service and vehicle adaptation is provided for a special education student if included in the student's individualized educational program. The District may provide transportation to and from school-sponsored activities. Homeless students shall be transported in accordance with Section 45/1-15 of the Education for Homeless Children Act. Foster care students shall be transported in accordance with Section 6312(c)(5)(B) of the Elementary and Secondary Education Act.

No school employee may transport students in school or private vehicles unless authorized by the administration.

The Superintendent shall implement procedures in accordance with State law for accepting comment calls about school bus driving.

All contracts for charter bus services must contain the clause prescribed by State law regarding criminal background checks for bus drivers.

Pre-Trip and Post-Trip Vehicle Inspection

The Superintendent or designee shall ensure that contracts with all private sector school bus companies require the company to develop and implement a pre-trip and post-trip inspection procedure to ensure that the school bus driver: (1) tests the two-way radio or cellular radio telecommunication device and ensures that it is functioning properly before the bus is operated, and (2) walks to the rear of the bus before leaving the bus at the end of each route, work shift, or work day, to check the bus for children or other passengers in the bus.

Operational Services

Facility Management and Building Programs

The Superintendent shall manage the District's facilities and grounds as well as facility construction and building programs in accordance with the law, the standards set forth in this policy, and other applicable Board of Education policies. The Superintendent or designee shall facilitate: (1) inspections of schools by the appropriate Intermediate Service Center and State Fire Marshal or designee, and (2) review of plans and specifications for future construction or alterations of a school if requested by the relevant municipality, county (if applicable), or fire protection district.

Standards for Managing Buildings and Grounds

All District buildings and grounds shall be adequately maintained in order to provide an appropriate, safe, and energy efficient physical environment for learning and teaching. The Superintendent or designee shall provide the Board with reports that include maintenance data and projected maintenance needs including cost analysis. This policy is not intended to discourage efforts to improve the appearance of buildings or grounds that are consistent with the designated use of those buildings and grounds.

Standards for Green Cleaning

The Superintendent or designee shall establish and supervise a green cleaning program that complies with the guidelines established by the Illinois Green Government Coordinating Council.

Standards for Facility Construction and Building Programs

As appropriate, the Board will authorize a comprehensive study to determine the need for facility construction and expansion. On an annual basis, the Superintendent or designee shall provide the Board with projected facility needs, enrollment trends, and other data impacting facility use. Board approval is needed for all facility construction and expansion.

When making decisions pertaining to design and construction of school facilities, the Board will confer with members of the staff and community, the Illinois State Board of Education, and educational and architectural consultants, as it deems appropriate. The Board's facility goals are to:

1. Integrate facilities planning with other aspects of planning and goal-setting.
2. Base educational specifications for school buildings on identifiable student needs.
3. Design buildings for sufficient flexibility to permit new or modified programs.
4. Design buildings for maximum potential for community use.
5. Meet or exceed all safety requirements.
6. Meet requirements on the accessibility of school facilities to disabled persons as specified in State and federal law.
7. Provide for low maintenance costs, energy efficiency, and minimal environmental impact.

ADOPTED: January 29, 2015

Commented [AP1]: The Legal References have been updated for continuous improvement, and in response to 105 ILCS 5/10-20.60, (added by P.A. 100-163, eff. 1-1-18, final citation pending), which requires school districts to make feminine hygiene products (defined as tampons and sanitary napkins for use in connection with the menstrual cycle) available, at no cost to students, in the bathrooms of school buildings serving students in grades 6 through 12. Note: The statute does not delineate between types of bathrooms (student, staff, girls, boys, unisex, etc.). Consult with the board attorney about implementing this law.
